

## DESIGN QUESTIONNAIRE

Sharba Homes would value your opinion on what style of properties you think would be most in keeping for a potential development in Barford Village.

We have prepared a display of a wide range of typical properties found in Barford, and invite you to peruse the photographs thinking of what most and least embodies the character of the village.

Please take this opportunity to list your favourite 3 architectural styles from our presentation board and please feel free to make any appropriate comments/suggestions where relevant:-

Property No
